

# CONVENTIONAL TRACTORS RAPTOR DT

## TRACTORS RAPTOR DT

- Rear PTO 540 r.p.m., independent and synchronized with the gearbox
- Double-disc dry clutch, gearbox and PTO separately controlled
- Four wheel drive with disengageable front axle
- Rear differential lock
- Oil immersed multidisc service brakes
- Parking brake acting on rear service brakes
- Hydrostatic steering
- Double-ram hydraulic lift with 3-point hitch cat. 1
- 1 double acting control valve
- Rear pull hook, adjustable in height
- 12V electric system with safety switch and current socket, lighting system, stop and direction indicators
- Prearrangement for flash light
- Safety device to prevent the accidental engine starting
- Instrument panel with: chrono-tacho-gyrometer, water thermometer, oil pressure warning light and acoustic alarm
- Seat on springs and safety belt
- Folding roll-bar, EC approved
- Wheels: 6.5/80-12 front, 250/80-18 rear, adjustable rim

### RAPTOR 30

	<b>(under-belly PTO and 1 single-acting control valve necessary)</b>	

# TRACTORS CROMO

## TRACTORS CROMO AR

- Articulated
- Gearbox with easy gear engagement: 8 forward and 4 reverse speeds
- Rear PTO 540 r.p.m., synchronized with the gearbox
- Single-disc dry clutch
- Four wheel drive
- Front and rear differential lock
- Drum service brakes with mechanical control
- Parking brake acting on rear service brakes
- Hydrostatic steering acting on articulated joint
- Hydraulic lift by double ram with 3-point hitch cat. 1
- 1 hydraulic double-acting control valve
- Front and rear pull hook, adjustable in height
- 12V electric system with safety switch and current socket, lighting system, stop and direction indicators
- Prearrangement for flash light
- Safety device to prevent the accidental engine starting
- Instrument panel with: electronic hour/revolution counter, low fuel warning light, water temperature warning light and acoustic alarm
- Seat on springs and safety belt
- Folding roll-bar, EC approved
- Wheels 6.50-16 with adjustable rim

# TRACTORS COBRAM

## TRACTORS COBRAM 50 AR

- Articulated with **OS-FRAME** chassis
- Synchronized gearbox: 12 forward and 12 reverse speeds with synchronized reverser
- Multidisc wet clutch
- Four wheel drive
- Oil immersed multidisc service brakes
- Parking brake acting on rear service brakes
- Hydrostatic steering on articulated joint
- Adjustable steering wheel
- Hydraulic lift by rams with 3-point hitch cat. 1
- 1 double acting control valve without lockable delivery position
- Front and rear pull hook
- 12V electric system with safety switch and current socket, lighting system, stop and direction indicators, and rear work lamp
- Prearrangement for flash light
- Safety devices according to regulations
- Instrument panel with chrono-tacho-gyrometer, water thermometer, warning light for oil pressure and acoustic alarm
- Sprung seat with safety belts
- Folding roll-bar, EC approved
- Wheels 8.25-16 with adjustable rim

### COBRAM 50 AR – MONO-DIRECTIONAL

- 2-speed rear PTO 540/750 r.p.m. unified or synchronized with the gearbox
- Front and rear differential lock

924.81717	Front weights kg 100 for tractors without cabin or with Lusso cabin.....	<b>830</b>
924.81718	Front weights kg 100 for tractors with Comfort cabin .....	<b>830</b>
	<b>Front weights are fitted on both sides of the engine</b>	

**For REVERSIBLE tractors only**

*****	Accumulator for weight compensation HDR with Dual Floating system .....	<b>1.300</b>
	<b>(it cannot be mounted on the tractor with hydraulic lift with position and draft control and it does not include the standard control valve)</b>	

## TRACTORS COBRAM MT

- Rigid, 2-wheel steering with **OS-FRAME** chassis – Haymaking version
- Synchronized gearbox: 12 forward and 12 reverse speeds with synchronized reverser
- 2-speed rear PTO 540/750 r.p.m., independent and synchronized with the gear box, electro-hydraulically controlled
- Multidisc wet PTO clutch with automatic brake in neutral position
- Multidisc wet transmission clutch
- Four wheel drive
- Front and rear differential lock, electro-hydraulically controlled
- Oil immersed multidisc service brakes
- Parking brake acting on rear service brakes
- Driving position with with suspended brake and clutch pedals on silent-block
- Reversible operator's position with rotating platform and twin pedal assembly
- Hydrostatic steering
- Adjustable steering wheel
- Hydraulic lift by rams with 3-point hitch cat. 1
- Control valves: 1 single acting and 1 double acting with float
- **Self cleaning system**
- **Accumulator for weight compensation HDR with Dual Floating system**
- Front and rear pull hooks
- 12V electric system with safety switch and current socket, lighting system, stop and direction indicators, and rear work lamp
- Safety devices according to regulations
- Instrument panel with chrono-tacho-gyrometer, water thermometer, warning light for oil pressure and acoustic alarm
- Sprung seat with safety belts
- Four (4) post ROPS with working lights, rear view mirrors, front and windscreen wipers
- Wheels 31x15.50-15 XTC fixed rim
